Ad Hoc Tree Committee
Meeting Notes
August 11, 2015

Committee members in attendance: Jon Quitslund, Sarah Blossom
COBI Staff: Jennifer Sutton
Public: Peter Perry

The meeting came to order at 9:05 a. m

- 8/4 Notes will be reviewed/approved at the next meeting
- Change All SR305 buffers to full screen in Table 18.15.010-5 *Roadside Buffers*
- Recommend no change to current tree unit requirements for all developments in R-8, R-14, NSC districts and for non-residential projects in the Single-family residential zones.
- Currently B/I and WD-I districts do not have tree unit requirements. These districts have larger perimeter/roadside buffer requirements, in addition to parking lot landscaping. Recommend not adding tree unit requirements for these zones because of greater tree retention (in perimeter) already.
- For Discussion at next meeting: tree retention requirements for existing single-family lots and single-family subdivisions
- Next meeting August 25, 2015.

Approved: September 15, 2015
